MESSAGE FOR THE AFRICAN STAR FOOTBALL CLUB IN HUNGARY

February 2004

It gives me great pleasure to send my greetings to the African Stars football team in Hungary.

Football and other sports have great power: to inspire individuals; to bring communities together; to help young people develop and grow. The United Nations has long worked with athletes and sports organizations throughout the world to support education and community development, to ease the trauma of refugees, and to promote reconciliation between communities that have been divided by conflict.

I applaud the African Star Football Club for its efforts on behalf of African refugees in Hungary. The athletes who are taking part deserve our admiration for devoting their time and energy, and for working so effectively to complement the work of the Office of the United Nations High Commissioner for Refugees.

You are helping to put football at the service of our common goal: a world of development, dignity and peace. Thank you very much for your contributions, and please accept my best wishes for success.

Kofi A. Annan

Dear Ms. Ferascu,  
the African Star Football Club Hungary is going to play a beneficial match against Partizan Belgrad in Serbia. The UNO plays a tremendous role in rebuilding Belgrad, the bridges over the Danube, in the peacemaking and peacekeeping process in the former Yugoslavia, etc. So this match is going to be much more than just a football match. As we said earlier, the income of this play should go to the UN. The recommendation-letter of His Excellency, Secretary General Kofi Annan is a very useful tool during the preparatory work and in dealing with the authorities. They only ask us frequently one question: why didn't the Secretary General sign the letter? Would it be very difficult to ask Mr. Annan just to sign a copy of his recommendation letter?  
Thank you for your kind help that you showed toward us.  
With every good wish  
yours sincerely  
Barnabas Kása, president of the club  
Aron Bereznai, member
